WCH in Dunavarsany / HUN in August  
WCF in Dunavarsany / HUN in September

### 2024

In 2024, we had a WC in Plumlov / CZE in June  
WC in Veliko Trgovisce / CRO in July  
ECH in Zagreb / CRO in August  
WCF in Zagreb / CRO in September

### 2025

In 2025, we had a WC in Plumlov / CZE in June  
WC in Veliko Trgovisce / CRO in July  
WCH in Dunavarsany / HUN in August  
WCF in Vienna / AUT in September

We had every year at least one TC meeting during the championships.  
In 2022 we installed the new Matchplay format which is a great success for the championships, and very good to show the interesting side of our sport.

The Matchplay format is also the format for the WCF which were held indoor in 2022 and the other years outdoor.

We improved our sport with media from all WCF's and WCH's and ECH's.

My special thanks for the media team of Croatia and TC member Sandor Svab for his special engagement in this topic.

You can find a lot of these videos on YouTube.

The equipment and the quality of the videos gets better and better with the great support of Sandor.

Year by year we teach new Judges.

Many thanks here to Pavel Kaszonyi for his work to teach the judges for their work.

We had different small changes in the rule book from 2022 till today.

We had different small changes in the rule book from 2022 till today.

Many thanks to the team of the TC field :	Pavel Kaszonyi	CZE
	Charles Mechin	FRA
	Martin Wilke	GER
	Sador Svab	HUN

I want to thank all the organizers of the last 4 years, unfortunately there were only three nations for 15 competitions CRO, CZE and HUN.

But today we are here in Vienna for the GA in Austria with a very good development in the last years. Thank you Harald Lugmayer for your work.

I had a lot of conversations about the next years.

2026 is France hosting the ECH in their marvellous Olympic shooting range in Chateauroux.

So if someone else is here who wants to host a championship or a WC in the next years, don't hesitate to ask me.

Thank you for your attention

Andreas Henne ,

Chairman TC-Field IAU
