IAU COMPETITION RULES

FIELD CROSSBOW

Preamble

For the prerequisites for being considered to host **WCH, CCH, WC and WCF**, refer to separate publication “**Guidelines for Organizers of World and Continental Championships**”.

Federations desirous of hosting **WCH** must have successfully conducted a **CCH, CE or IC**.

Granting of **WCH** will follow the principle of Continental rotation such as Europe, Asia, Americas, Europe, etc. as far as is possible.

Host candidates for **WCH, CCH, WC and WCF** are requested to prepare a formal written proposal to the **EC** via an **Application form for an IAU official competition. Article 370.4** (The draft of this Application is available on the IAU website: <https://www.iau-crossbow.org>)

Consideration must be made for full teams from all member or associate federations, venue details as size, location, number of targets/ competitors, shooting direction, safety, accommodation, transport and administrative support arrangements, a detailed budget including sponsorship, government support, manpower, officials and experience.

Written submission shall be voted upon by the Field Division delegates present at **IAU General Assembly**, or **EC IAU**, on the basis of both signed **Agreement with the National Sport Federation as an organizer of IAU competition. Article 370.3** (The draft of this Agreement is available on the IAU website: <https://www.iau-crossbow.org>)

Residency to the satisfaction of the TC.

304.2.1 Team officials participating in the Championships must abide by these Rules.

304.3 **Guest Competitors:** At WCH, CCH, WC and WCF, only competitors from countries that are not yet members of the IAU (or Associate Members) may be invited to participate as Guests. Such invitations can only be made by the IAU Executive Committee. Guest competitors may be individuals or complete teams and are eligible for special awards.

The Participation of a Guest competitor shall not disadvantage the bona-fide IAU Member Federations whose competitors shall take priority with regard to target availability.

All Guest competitors shall be assessed for competency, safety and knowledge of these rules to the satisfaction of the IAU Field TC.

Art. 305 DOPING CONTROL

305.1 At IAU sanctioned events, Doping Control will be at the request of the IAU Executive Committee or the host OC. The laboratory and control center facilities performing doping analysis must be approved by the Medical Commission (Doping Control Unit) of the host federation's National Olympic Committee and their guidance accepted through the official channels. The host OC is responsible for meeting the costs of drug testing. The IAU will pay the cost of a new WCH or CCH anti-doping control for a athlete not in the anti-doping list.

The number of tests to be taken will be specified by the IAU EC. At IAU sanctioned Events WCH or CCH the winners in Men and Women category will be taken. One additional test will be taken by draw, between winners in categories Juniors, Cadets, Senior men and Senior women.

305.2 Doping: is the use by and/or distribution to a competitor of certain substances which could have the effect of artificially improving the competitor's physical and/or mental condition and thereby enhance his performance as an athlete. Doping is forbidden in crossbow shooting whenever shooting for IAU

IAU COMPETITION RULES

FIELD CROSSBOW

purposes.

Doping substances NOT PERMITTED include drugs on the current list issued by the IOC and published by the IAU, e.g.

This concerns BENZODIAZAPINES or any different drugs or groups of products which the medical committee of the CIO would add to the existing list.

305.3 Medical Provisions: athlete competing in IAU sanctioned events must agree to submit to such medical tests or examinations as may be required by the IAU, by the Organizers of the event or by the laws of the country in which the event takes place.

305.4 Athlete Declaration: Each participating athlete will be required to sign a Declaration confirming their awareness of the IAU's prevailing Doping Control regulations and penalties. The form of wording of such Declaration shall be as determined by the IAU Executive Committee (see annex). The signed Athlete declaration is an integral part of the application for issuing the IAU Identification Number. (See page 106)

Officials' Declaration: The NTM is responsible for each competitor shall be required to countersign all appropriate Athlete Declarations.

305.5 Medical Tests: Any competitor refusing to take the required medical tests or proved to have broken these Doping Control provisions shall be DISQUALIFIED. The duration of such disqualification shall be determined by the IAU EC. Any Records or Championship Titles won by such athlete shall be returned for re-distribution. Accreditation shall be withdrawn from any official found guilty of breaking these rules. Any such occurrences shall be reported to the IAU EC by the federation responsible for the organization of the event.

305.6 Drug Test Results: The host OC shall submit copies of the official Drug Test Results to the Chairman of the Field TC within one (1) month of the Competition.

- 310. 1 WORLD RECORDS (individual and team) may be established in all recognized IAU Men's, Women's, Junior, Cadets, Senior man, Senior woman and Assisted Athletes Categories in WCH, CCH, WC and WCF which have been conducted in accordance with these Rules.

IAU COMPETITION RULES

FIELD CROSSBOW

- 310.2 CONTINENTAL RECORDS can only be recognized if set at WCH, CCH, WC and WCF provided such events are conducted in accordance with these Rules.
- 310.3 WORLD AND CONTINENTAL RECORDS will be recognized for the following rounds and distance scores:
Team Records: IR 900 Round, 18 meters IR 600 round.
Individual Records: IR 900 Round, Indoor 18-meter IR 600 Round.
Single Distance Scores: 18m.
- 310.3.1 Records can only be established in the category in which the competitor is entered, i.e., a Junior competitor can only establish a Junior Record if he is shooting in the Junior category, even though he may have shot a score higher than the existing Men's, Women's, Cadets', Senior man or Senior woman record.
- 310.4 The scoring shall be conducted in strict compliance with Article 325 of these Rules.
- 310.5 World and Continental Records shall be maintained in a Register revised by the TC. Lists of Records should be distributed to member federations at reasonable intervals.
- 310.5.1 Claims for World Records: The athlete must submit a claim for a new World Record to the Chairman of the Field TC within one (1) month of the Competition.
Such claim(s) shall be supported by: original score sheet(s) duly signed on the day of the Competition by the athlete, the DOS and the chairperson of the OC; a copy of the official result list.
Subject to the above provisions being met and the receipt of a NEGATIVE Drug Test report on the athlete in question (where applicable), the TC Chairman will ratify the record and inform the athlete and the host federation to that effect, within one (1) month of receipt of the Drug testing result.

Art. 311 INTERNATIONAL JUDGES (IJ)

Refer also to separate publication, "Judges' Guidelines".

- 311.1 The selection of two (2) International Judges (IJ) and a DOS (who shall also be an IJ) for WCH, CCH, IC or CE shall be the responsibility of the TC in conjunction with the OC. The IAU

IAU COMPETITION RULES

FIELD CROSSBOW

Art. 314 OUTDOOR FIELD LAYOUT

314.1 At WCH, CCH, WC and WCF the size of the shooting field shall be determined by the number of competitors, i.e., the number of targets.

Note: Where shooting is restricted to the field area of a sports stadium the maximum number of targets (competitors) which can be accommodated is 120 for planning purposes.

All competitors shall shoot on the same field (Men, Women, Juniors, Cadets, Senior man, Senior woman and Assisted Athletes) at targets placed at distances specified in (Art. 318.1).

314.1.1 The Range shall be squared-off and each distance accurately measured from a point vertically below the center of the “Gold” of each target to the Shooting Line. Distances shall be within ± 10 cm of the absolute distances specified in Art. 318.1.

314.1.2 Lines shall be marked on the field in whitewash or by means of white marking tapes as follows: Target Lines at each distance, a Shooting Line, a Waiting Line. Shooting lanes shall be marked at 90 degrees to the Shooting and Target Lines. Lanes shall be a minimum of 6 meters apart.

314.1.3 Target Butts shall be set up on the appropriate Target Line on stands at an angle of between 10 and 15 degrees to the vertical, provided that all stands are set at the same angle. The center of the 10-ring (“Gold”) shall be 130 cm \pm 5 cm above the ground. Any portion of a butt which may damage bolt shall be covered.

Layout A: Where shooting takes place in one (1) relay on single butts (one target face) the minimum distance between the center of butts shall be minimum 1,25, optimum 1,50 meter i.e., maximum 4 single butts per shooting lane.

Layout B: Where shooting takes place in two (2) relays on double butts (two target faces) the minimum distance between the center of butts shall be 1,5 meters, i.e., maximum 4 double butts per shooting lane. Layout B may also be used for one (1) relay provided that only two (2) double butts be used to each six (6) meter lane.

Refer to Figure F1.

Figure F1: Field Layout (Refer to Art. 314)

314.1.4

For the 35-meter distance the height of the two lower centers of each set of Three spot Faces (Art. 317.1.1) shall be $121\text{ cm} \pm 5\text{ cm}$ above the ground.

IAU COMPETITION RULES

FIELD CROSSBOW

- 314.1.5 Each target shall be numbered. Target Numbers (Art. 316.3) may be affixed above the center of each target face (but must be clear of the target face).
- 314.1.6 Each butt shall carry a Wind Indicator Flag. The flags shall be placed 40 cm above either the center of the butt or the top of the target number board (as per Figure F1). Wind Indicator Flags shall be as specified Figure F4, the weight being approximately of 150 g/m².
- 314.1.7 Points on the Shooting Line directly opposite the center of each butt shall be marked and numbered correspondingly.
- 314.1.8 At WCH, CCH, WC and WCF, VTCS shall be located on both sides of the Shooting Field (a third signal may be placed in the center of the field if necessary) in such a way that the VTCS can be seen by all the competitors on the Shooting Line. Signals (Art. 316.5) shall be placed in a clear lane (provided for the purpose) at a distance of 35 m in front of the Shooting Line.
- 314.1.9 At WCH, CCH, WC and WCF, the Shooting Line shall be fixed and buttresses shall be moved forward for each distance.
- 314.1.10 Suitable Barriers shall be erected around the field to keep spectators out of the danger area. Such barriers should be at least ten (10) meters behind the Waiting Line and at least sixty (60) meters beyond the Target Base Line. Barriers should be so placed as to prevent spectators from moving past a competitor's line of vision while on the Shooting Line. Barriers along the sides of the shooting area must be at least twenty (20) meters beyond the ends of the Target, Shooting and Waiting Lines.
- 314.1.11 At WCH, CCH, WC and WCF, a large Scoreboard (Leader Board) shall be placed so that it is visible both to competitors and spectators (Art. 313.3).
- 314.1.12 At WCH, CCH, WC and WCF seating, and if possible, appropriate shelter, shall be provided behind the waiting line for all competitors and officials.

IAU COMPETITION RULES

FIELD CROSSBOW

- 314.1.13 An elevated chair or platform shall be provided for the DOS positioned between the Shooting and Waiting lines so that the DOS has an unobstructed view along the Shooting and Waiting Lines. This position should be, if possible, in the center of the Competition Field. Refer also to **“Guidelines for Organizers of World & Continental Championships”**.
- 314.2 WCH, CCH, WC, WCF, IC and CE Venue, Equipment and Facilities:
- 314.2.1 At all IAU sanctioned WCH, CCH, WC, WCF, IC and CE, the tournament grounds shall be clearly divided between:
- a. The Shooting Field
 - b. The Practice Field (if separate practice facilities are provided)
 - c. The Spectator and amenities area(s)
- The spectator area must be clearly defined by barriers.
- 314.2.2 WCH, CCH, WC, WCF, IC and CE, sanctioned by the IAU must take place on an open field, arena or stadium.
- 314.2.3 Adequate Toilet facilities for Men and Women respectively shall be provided within reasonable distance of the Shooting Field.
- 314.2.4 At WCH, CCH, WC and WCF, an area with seating accommodation and weather protection for the use of IAU Executives, Team Officials and Official Guests should be sited in a prominent position in the spectator area. In the vicinity of this main stand flag poles for the flag of the IAU and of the Host Federation shall be erected together with either enough flag poles for all competing countries, or a ground-mounted stand to display all national flags of the competing federations.
- 314.2.5 At WCH, CCH, WC, WCF, IC and CE the OC shall provide a Podium which is to be erected in front of the main stand for the awards ceremony. The central step shall be 60 cm high, and the other two steps 30 cm high. All steps shall be wide enough to accommodate all the members of each of the place-getting teams.
- 314.2.6 At WCH, CCH, WC and WCF the OC shall make two (2) rooms or adequate temporary shelter available to the IAU Executive, the IJ and FJ.
- 314.2.7 At WCH, CCH, WC and WCF, a public address system shall be available. It is recommended that IJ, FJ, and DOS be provided

IAU COMPETITION RULES

FIELD CROSSBOW

with suitable 2-way Radio Equipment to make communication more effective.

- 314.2.8 OC should provide a room with internet access for the press.
- 314.2.9 The OC must make available suitable doping control facilities, as may be required by the host nation's authorities.
- 314.3 The direction of shooting shall be within ± 20 degrees of North in the Northern Hemisphere and the reverse in the Southern hemisphere.

Art.315 INDOOR LAYOUT

- 315.1 Three-Spot Target Faces: The use of three (3) separate target faces (i.e., one (1) shot per face) is permitted.
23,65 cm 3-spot full ring target faces must be used at the 18 meters indoor distance (see 315.1.1).
Dimension "A" for 23,65 cm full 10 ring face = 236,5 mm
Dimension "B" for 25 cm full 10 ring face = 225 mm
- 315.1.1 Butts may be set up at any angle between vertical and 10 degrees away from the direction of shooting. All butts must be similarly aligned.
- 315.2 Range markings are similar to the outdoor field layout (Art. 314.1.2). The waiting Line may if space does not permit be omitted.
- 315.3 In all other respects these Rules shall apply.
- 315.4 Illumination of Target Faces: whether natural or artificial, its effect on the target faces is important. Every effort should be made to minimize bolt shadows.
- 315.5 The distances from the floor to the bottom two 10-ring ("Gold") centers of each three-spot face shall be 121 ± 5 cm. See next page.

Art. 316 FIELD EQUIPMENT SPECIFICATIONS

- 316.1 Target Butts: Shall be so designed as to effectively stop bolts without pass-through and without causing undue damage to bolts.

IAU COMPETITION RULES

FIELD CROSSBOW

- 316.1.1 Outdoor Butts: May be either round or square with a side length or diameter between 80 and 128 cm.
- 316.1.2 Indoor Butts: May be either round or square with a side length or diameter between 80 and 128cm, or a continuous wall of appropriate material.
- 316.2 Butt Stands: shall be so designed as to ensure that the center of the butt is 130 cm (± 5 cm) from the ground and be capable of supporting the butt at an angle of between 10 and 15 degrees from the vertical.
- 316.2.1 Stands shall be securely pegged-down with butts being secured to the stands so as not to be blown over by wind gusts.
- 316.3 Butt (Target) Numbers: Shall be 30 cm square and shall be black on a yellow background alternating with yellow figures on a black background (e.g., N° 1 black on yellow, N° 2 yellow on black). Numbers shall be affixed in accordance with Art. 314.1.5. A point on the shooting line directly opposite each butt shall be marked and numbered corresponding to that butt. Such points shall be located in the ground 2 meters in front of the shooting line facing the competitors. For indoor competitions these numbers will be placed 1 meter in front of the competitor and taped to the floor.
- 316.4 Wind Indicator Flags: shall be made from any light-colored material (such as yellow) which contrasts with the general background behind butts, and shall be suspended from a 'T'-Pole placed over the center of each outdoor butt in accordance with (Art. 314.1.6). The dimensions of such wind indicator flags shall be specified in Figure F4, the weigh being approximately 150 g/m².

- 316.5 Visual Time Control System (VTCS): At WCH. CCH. IC and CE one of the following visual time control systems shall be employed.
- 316.5.1 Time Control Plates: The plates should not be less than 120 cm by 60 cm in size. They must be securely mounted to resist any wind and must be easy to turn quickly to show either side. One side of the plate shall be striped with 20-20 cm wide stripes, alternative in black and yellow. The strips shall be at an angle of about 45 degrees to the ground. The reverse side shall be solid yellow.
- 316.5.2 Time Control Lights: The colors shall be RED, AMBER (YELLOW) and GREEN in that order with RED the uppermost color. Lights located on the shooting field must be synchronized and at no time shall two (2) different colors be shown at the same time. Lights may be linked with an acoustic signal (whistle, siren or hotter) to operate electronically, but also must be able to be manually overridden as and when the need arises. Back-up manual time control devices (plates) as per Art. 316.5.1 shall also be available in case of electrical power failure or malfunction. Refer Art. 321.2.2 for signal hierarchy.
- 316.5.3 Clock Control: Digital clocks shall have figures (displays) not smaller than 30 cm in height and must be readable from a distance of 180 meters. They must incorporate facilities to be stopped and reset and shall operate on the count-down principle. Alternatively, analogue clocks may be used with circular and a single clockwise moving hand. The faces shall be painted with Red, Green and Amber colored sectors. The time for the clock to describe one full revolution shall be three (3) minutes and twenty (20) seconds, with each color being swept for the following times:
- | | |
|--------------|---------------------|
| RED | 20 seconds |
| GREEN | 2minutes 30 seconds |
| AMBER | 30 seconds |
- The junction of the RED and GREEN shall be at the 12 o'clock position. The clock shall be clearly readable from a distance of 180 meters. Back-up manual time control plates shall be available in case of clock failure.
- 316.5.4 Time Control Devices shall be set out in accordance with (Art.

IAU COMPETITION RULES

FIELD CROSSBOW

314.1.8).

- 316.5.5 In the event of a difference between the visual signal and the audible, the AUDIBLE signal shall take precedence. Refer to SAFETY (Art. 332.3).
- 316.6 Miscellaneous Equipment: The following equipment is mandatory at all IAU sanctioned WCH, CCH, WC, WCF, IC and CE; and recommended in relation to importance of other competitions.
- 316.6.1 A-B Boards: Where shooting takes place in two (2) relays, a device to indicate the order of shooting: A-B; B-A; A-B, etc. The letters shall be large enough to be read by all competitors from their shooting positions. Two or more such devices may be needed. The background size shall be no less than 60 cm x 60 cm and the letters shall be no less than 40 cm high with alternating colors black and yellow, i.e., the “A” should be yellow on black and the “B” should be black on yellow.
- 316.6.2 Signal Flags: Red colored hand flags shall be provided for each target such that competitors at the target and competitors at the shooting line can signal for a Judge in the event of a dispute or equipment failure, respectively. Two (2) such flags shall be provided per target. The flags should be at least 40 cm long x 25 cm high, secured to a suitable handle.
- 316.6.3 Field Equipment Specifications for IAU Match Play Round: Refer to Competition Rules for IAU Match Play Round - Art. 350.

Art. 317 TARGET FACES

- 317.1 There shall be four (4) sizes of circular Target Faces for International Target Crossbow shooting as follows:
- Outdoor competitions: 60 cm diameter full ring and 40 cm reduced 3-spot.
- Indoor Competition: 23,65 cm full ring or 40 cm reduced 3-spot.
- These faces are divided into five (5) concentric color zones from the center outwards as follows: GOLD (Yellow), RED, LIGHT BLUE, BLACK and WHITE. Each color in turn is divided by a thin line into two (2) zones of equal width thus making ten (10) scoring zones of equal width, measured from center of the Gold. The width of each scoring zone shall be as follows:

IAU COMPETITION RULES

FIELD CROSSBOW

3 cm wide on the 60 cm target face (center 6 cm),

2 cm wide on the 40 cm target face (center 4 cm), and

1, 25 cm wide on the 23,65 cm target face (center 1,15 cm)

The exact center of the face is termed the “pin-hole” and shall be indicated with a small cross (+), the lines of which shall be no larger than 2mm.

317.1.1

At WCH, CCH, IC and CE recognized by the IAU, 40 cm 3-spot reduced faces must be used at the 35m distance. Such faces shall have the 5 to 1 lower scoring rings removed. The lowest scoring zone is therefore 6 and it is black. Each “set” consists of three small faces on a white background arranged symmetrically in a triangular pattern (see Figure F5). The centers of the two lower faces shall be 210 mm distant from each other, and the center of higher faces is 190 mm higher than the line of two lower faces. The distance from the ground to the centers of the lower pair of faces shall be 121 cm (± 5 cm).

At Indoor WCH and CH three (3) spot faces must be used at

18 m the center of the two lower faces shall be 121 ± 5 cm from the floor (see Art. 315.1).

317.1.2 Tolerance (scoring zone diameters):

60cm target face $\pm 1 \text{ mm}$

40 cm target face $\pm 1 \text{ mm}$

23,65 cm target face $\pm 0.5 \text{ mm}$

Measured over the outside of the dividing line between zones.

317.1.3 Zone dividing lines shall not exceed 2 mm in width and shall lie entirely within the higher scoring zones.

317.1.4 Target Face color Specifications shall be in accordance with the following Munsell color notations:

Yellow Pantone Yellow 107

Red Pantone Red 032

Blue Pantone Blue 306

IAU COMPETITION RULES

FIELD CROSSBOW

- 317.1.5 Target Face Material: Target faces shall be made from non-reflecting paper, reinforced to prevent premature tearing. All faces shall be uniform and made from the same material. Printing shall be non-reflecting.

At WCH, CCH, WC and WCF all faces must be from the company Krueger. This company has the exclusive rights to produce the faces with the name of the IAU.

- 317.2 Scoring Values for:

Yellow	Inner zone 10, outer zone 9
Red	Inner zone 8, outer zone 7
Light blue	Inner zone 6, outer zone 5
Black	Inner zone 4, outer zone 3
White	Inner zone 2, outer zone 1

- 317.3 Official Faces: Only those target faces as licensed for use by the IAU shall be used. According to the Contract, the IAU only uses the Krueger Schießscheiben targets.

Art. 318 INTERNATIONAL TARGET ROUNDS

- 318.1 On WCH, CCH, IC and CE sanctioned by the IAU, only the outdoor IAU Classic Round shall be shot. Round IAU Classic shall be shot first day of Competition for three distances: 65m, 50m, 35 m and IAU Match Play shall be shot on second and third day in accordance with article 350.

- 318.1.1 Round IAU Classic shall be shot on distance 65m, 50m and 35m this way:

Day begins on distance 65m, then on 50m and ends on 35m. The 65 m and 50m shall be shot on 60 cm diameter target face and 35m is using three spot reduced target face 40 cm. The results of the first day (all three distances) determine Team Results (Art. 303.2).

Two (2) ends of three (3) sighter bolts are permitted at the commencement of all distances (i.e., the 65m distance, 50 m distance and 35 m distance) in 5 minutes. Such sighter ends shall not be scored. Sighters shall be shot in accordance with (Art. 323).

IAU COMPETITION RULES

FIELD CROSSBOW

Results of IAU Classic determine the qualification for IAU Match Play finale of individuals according to article 350.

Second day WCH, CCH, IC and EC shall be shot IAU Match Play rounds including semi-finals and on the third day Medal Matches of IAU Match Play round.

- 318.2.1 Indoor IR 600 round shall consist of 60 Bolts at 18m using 23,65 cm Face. Highest possible score are 600 points.

Two (2) ends of three (3) sighter bolts are permitted at the commencement of the Competition in 3 minutes; such sighter ends shall not be scored.

Sighters shall be shot in accordance with (Art. 323).

- 318.4 Indoor Rounds:

- 319.6.5 It is not permitted to place non-removable tape or draw lines with permanent marker on the floor.

Art. 320

PRACTICE

- 320.1 Use of Competition Field: At WCH, CCH, IC and CE sanctioned by the IAU; the Competition field may be used by the competitors for practice prior to the days of the Competition in accordance with the times announced in the Program (Art. 307.2).
- Where the Competition field is not available for practice, the OC shall provide suitable facilities as detailed in Art. 314.2.1.
- 320.1.1 Practice Field: At WCH, CCH, WC and WCF, the OC shall make practice facilities available at least two (2) days before the Official Practice Day. Such practice facilities, if possible, shall be the Competition field, or be located on a separate field adjacent to the main Competition field.

IAU COMPETITION RULES

FIELD CROSSBOW

A number of targets equal to two thirds the number of confirmed entries should set out on the Practice Field. Such practice facilities are to be announced in the Program (Art. 307.2).

- 320.1.2 Practice Field Captain (FC): Shall at all times be in charge of practice sessions. The FC shall be solely responsible for the conduct of shooting.

It is suggested that a fixed period of time (e.g., 5 minutes) be allocated for shooting and that there shall be no limit to the number of bolts which can be shot within this time limit.

- 320.1.3 Control of Practice: All competitors shall move forward together to collect their bolts, irrespective of the distance being shot. No athlete shall shoot during this time, nor collect bolts at any other time.

The FC may bar from the practice session any athlete contravening this rule.

- 320.1.4 Allocation of Butts for Unofficial Practice: On Unofficial Practice days, the butts shall be set out at distances of 65, 50 and 35m in proportion according to the direction of the FC. Competitors desirous of changing the butt allocation shall negotiate with the FC. Any Change in the distance at which targets are set shall be regulated by the FC, who may ask practicing athlete to assist in moving and re-arranging targets.

- 320.2 Conduct of Official Practice: Official Practice shall take place on the tournament field in accordance with the details set out in the Program (Art. 307.2). In that the regulation of ends (visual time control) under the control of the DOS shall be employed. Members of the IJC shall be present to observe the conduct of the shooting and, in liaison with the NTMs, advice competitors over matters of procedure. The OC shall arrange for a sufficient number of FJs (Art. 312.2.c) to be in attendance to assist the DOS in the running of the practice session.

Official Practice Butt Allocation: each competitor shall use target assigned to him/her for the Competition (Art. 319.2.2).

- 320.2. 1 Official Practice Day Field Layout: All butts shall be set at 35m to begin Official Practice, then moved to 50m, and finishing the session at 65m for all athletes.

- 320.2.2 Official Practice Timetable: To timetable shall be submitted to the IJC for approval no later than twenty-four (24) hours before

IAU COMPETITION RULES

FIELD CROSSBOW

the start of Official Practice:

Recommended timings:

09:00 -10:30 35m practice

11:00 -12:30 50m practice

12:30-13: 30 Lunch break

13:30 -15:00 65m practice

Practice (shooting) on the tournament field or the practice field between the official start and finish times on the days of competition is NOT PERMITTED.

320. 3. 1 Test Butt: For the purpose of testing a crossbow which has undergone essential repairs, a target butt shall be set out at a maximum distance of 20m in an area separated from the tournament field. The use of such facilities shall be under the supervision of a TC Member or Judge.

320.4 Practice of the Shooting Stance: On days of Competition before the Competition starts and during the intervals between distances, competitors may practice only the shooting position and sighting, without cocking/spanning/loading their crossbows. Such practice may only take place on the shooting line and in the direction of the competitor's allocated target.

NO AIMING "Dry – Firing" exercises are permitted if personnel are in front of the Shooting Line (Art. 332.1.1).

In the event that a bolt is shot during such practice, the bolt shall count towards the next scoring end shot. The scorer shall make a note to this effect on the score sheet; the highest scoring bolt for the next scoring end shall be forfeited. The athlete concerned shall be cautioned by a Judge. An athlete repeating this offence may be barred from the day's Competition. See (Art. 335.2).

Art. 321 TIME CONTROL AND SIGNALS

321.1 Athletes shall shoot their bolts in ends of three (3) shots under the control of the DOS. The order of shooting shall be as follows:

321.1.1 One Relay: When shooting takes place in one (1) relay, all athletes shall go to the shooting line together.

IAU COMPETITION RULES

FIELD CROSSBOW

- 321.1.2 Two Relays: When shooting takes place in two (2) relays, athletes shall shoot one at a time on each target as follows:
During Sighters: A-B, A-B
Competition shots: A - B, B - A, A - B, etc.
- 321.1.3 Designation of A-s and B-s: Those competitors shooting on odd numbered targets shall be the “As” and those shooting on even numbered targets shall be the “Bs”, when shooting is conducted in two (2) relays.
- 321.2 Timing Sequence (Competition Shots): The timing of ends shall be regulated as follows:
- Three (3) minutes shall be the Time Limit allowed for an athlete to shoot an end of three (3) scoring bolts.
 - The acoustic signals (Art. 321.3) shall be supplemented by a visual warning 30 seconds before the expiry of the three (3) minute period.
 - Twenty (20) seconds shall be allowed for the athletes to take their position on the line prior to the commencement of shooting.
- Time Limit for Indoor Competition:
- Two (2) minutes shall be the Time Limit allowed for an athlete to shoot an end of three (3) scoring bolts.
 - Three (3) minutes shall be the Time limit allowed for an athlete to shoot an end of four (4) scoring bolts. Refer Art. 321.2.2.
- 321.2.1 Timing Sequence (Sighting Shots): The timing sequence shall be extended to allow the competitors five (5) minutes to shoot two ends of three (3) sighting shots at the commencement of each Competition distance (Art. 323). Refer to Final Rules Art. 350.
- 321.2.2 Control of Time Limits: The acoustic signals shall take priority over visual signals in the control of time limits.
Refer to SAFETY (Art. 332.3).
- Note: The reason for giving the acoustic signals precedence is for safety reason, particularly since not all athletes can see the visual signals when sighting. Athlete with hearing deficiency can be warned by local people in the event of an emergency.

IAU COMPETITION RULES

FIELD CROSSBOW

321.2.3 End Re-Start Time (Single Relay): Where shooting takes place in one (1) relay, the DOS shall allow a minimum of 40 seconds to elapse from the time the last competitor has retired behind the shooting line after the collection of bolts, prior to re-starting the timing sequence (Art. 321.2).

321.2.4 Illegal Shots: The maximum time permitted for an athlete to shoot an end of three bolts shall be three minutes (except during sighter ends - Art. 323). Any athlete shooting a bolt before the signal or after time signal denoting such time limits, shall forfeit the highest scoring bolt of the first scoring end.

The athlete concerned shall be cautioned by an IJ. An athlete repeating this offence may be barred from the day's Competition. Refer Art. 335.2.

321.3 Acoustic Control Signals: The following Acoustic Control Signals (whistle or other suitable audible device) shall be used in conjunction with one of the visual systems outlined in (Art. 321.4).

The following acoustic signals ca. two (2) seconds) shall be used:

- Two sound signals: Calls designated athletes to the shooting line.
- One sound signal: For athletes to commence shooting.
- Two sound signals: For athletes to cease shooting and Change relays.
- Three sound signals: Move forward, score and collect bolts.
Short sound signal (maximum one (1) second): End of shooting.
- A series of sound signals, four (4) or more, indicates Danger – all shooting must cease immediately.
- The signal to resume shooting shall be ONE (1) sound signal.

321.4 Visual Time Control Systems (VTCS): At WCH, CCH, IC or CE sanctioned by the IAU, the acoustic signals shall be supplemented by one or more of the following VTCS (Art. 316.5):

- a. Time control lights

IAU COMPETITION RULES

FIELD CROSSBOW

- b. Time control plates
 - c. Clock control
- 321.5 Time Control Plates: When shooting is controlled by plates the yellow and black striped side shall be turned towards the athletes as a signal of Warning that only 30 seconds of the three (3) minute time limit remains. The solid yellow side of the plates shall be turned towards the athletes at all other times.
- 321.6 Time Control Lights: When shooting is controlled by lights: the following signal sequence shall be followed:
- a. With red indicated, the DOS shall sound two (2) acoustic signals to summon the designated competitors to the Shooting Line.
 - b. Twenty (20) seconds later the lights shall be changed to green and one (1) acoustic signal given for the shooting to commence.
 - c. After two and a half (2 ½) minutes, the lights shall be changed to amber (yellow), warning competitors that they are within the last thirty (30) seconds of the time allowed for an end of three (3) bolts.
 - d. After three (3) minutes, the lights shall indicate red and two (2) or three (3) acoustic Signals given to end Shooting, as appropriate.
- 321.7 Clock Control: When timing is controlled by clocks, the procedure is the same as required for lights, as per Art. 321.6.
- 321.8 Whenever the Shooting Line is vacated by the athletes having shot their three bolts before the 3-minute time limit has expired, the appropriate signal to Change relays or advance for scoring shall be given.
- 321.8.1 After an athlete has shot his third bolt (of an end) he shall leave the shooting line. It is permitted to spot each bolt.
- 321.9 If shooting is suspended during an end for any reason, the time limit shall be adjusted to compensate for the time lost.
- 321.10 Time Interval between Distances: At WCH, CCH, IC or CE sanctioned by the IAU, the interval between shooting one distance and the commencement of the next must not be less than THIRTY (30) minutes and must not exceed ONE (1) hour.

IAU COMPETITION RULES

FIELD CROSSBOW

Art. 322 SHOOTING POSITION

322.1 Stance: An athlete shall shoot from the **STANDING POSITION** and without support with one foot on each side of the shooting line. The position of the feet may be marked on the ground only by means of one (1) marker for each foot. These markers shall not be more than 20 mm in diameter and shall not protrude more than 5 mm above the ground.

322.1.1 Athlete with Disabilities: In the case of an athlete who through permanent disability must use a wheelchair, the wheelchair, shall be centered over the shooting line. The crossbow must be held with the arms only. Assisted wheelchair competitors may use an IAU approved Support Stand, in accordance with Art. 322.2. The elbow of the supporting arm is not to make contact with the lap, wheelchair or gain support other than from the rib cage or abdomen. The backrest of the wheelchair shall not be higher

than 10 cm below the athlete armpits in the shooting position. Athlete with a foot or feet must place them on the footrests of the wheelchair when shooting.

322.2 No part of the body or clothing shall make contact with any other object. No part of the crossbow nor attachment shall touch the ground (nor floor) when being shot.

322.2.1 Butt hooks (Art. 326.2.3) may **NOT** be placed between the body and the shooting clothing, nor may the butt hook lie on top of the shoulder.

322.3 Spanning and Loading Position: The athletes may adjust its foot position in relation to the shooting line in order to span its crossbow.

322.3.1 It is not permitted to shot without shoes (with or without socks).
The act of placing a bolt must be performed with the crossbow directed at the ground (or floor) immediately in front of the shooting line in the direction of the athletes' allocated target butt.

322.3.2 Elevated Crossbows: Placing a bolt in an elevated crossbow is **NOT PERMITTED**.

An athlete who fails to observe this **SAFETY RULE** may be **DISQUALIFIED**.

IAU COMPETITION RULES

FIELD CROSSBOW

The athlete concerned shall be cautioned by an IJ.

An athlete repeating this offence shall be **DISQUALIFIED** from the Competition (Art. 335.2).

Art. 323

SIGHTING SHOTS

323.1

The following sighting shots are allowed at the start of each Competition (formerly found/distance). Such sighting shots shall be under the control of the DOS and shall be remark in scoring list but shall be not scored:

a. IR 900 Round:

- 65m: Two (2) ends of three (3) shots, five (5) minutes per end
- 50m: Two (2) ends of three (3) shots, five (5) minutes per end
- 35m: Two (2) ends of three (3) shots, five (5) minutes per end

b. Indoor Competitions: Where indoor rounds are shot in sessions e.g., 2 x 30 shots with halt interval of more than sixty (60) minutes between sessions, then one (1) end of Sighters shall be shot at the start of each session.

18m: Two (2) ends of three (3) shots, three (3) minutes per end.

323.2

Additional Sighting Shots for Prod Breakage: THREE (3) additional sighter Shots shall be allowed in the event of Prod **BREAKAGE** during a Competition round, including breakage's occurring during sighter ends (Art. 323.1).

The athlete shall adopt the Equipment Failure procedure (Art. 328). Such sighter shots shall be taken under the supervision of a Judge, prior to making up the end(s) not shot.

The time allowed for the Competition of the Three (3) Sighting shots shall be three (3) minutes (or two (2) minutes for 18m round). The bolts shall not be scored.

IAU COMPETITION RULES

FIELD CROSSBOW

Art. 324 COMPETITION SHOTS

324.1 Shooting cycle: At WCH, CCH, IC and CE sanctioned by the IAU, athletes shall shoot their bolts in ends of three (3) bolts each. All shooting shall be controlled by the DOS. Scoring shall take place after the completion of each end. Having shot his/her end of three (3) bolts, the athlete shall immediately retire behind the Waiting Line (Art. 321.8.1). An athlete remaining on the shooting line having completed the shooting of an end, shall be cautioned by an IJ (Art. 321.8). An athlete repeating this offence may be barred from the day's Competition (Art. 335.2).

324.1.1 3-Spot Faces: When using the 3-Spot 40cm Target Face, athlete shall shoot one (1) bolt per target face, in any order (see Arts. 325.5.1 and 325.8).

324.2 Repair Time: Should it be necessary to change a bowstring or make essential adjustments or repairs, an FJ/IJ must be advised (Art. 328).

Reasonable time shall be allowed to make repairs, as determined by an IJ (Art. 328.2.2 and 328.3).

Only a broken string in separate pieces is accepted as an equipment failure. In the case of a damaged bowstring (i.e., a broken strand, adorn serving thread), the bowstring may be replaced but without the right for sighters or an extra shot. The athlete will get 1 minute additional time.

324.3 Bolts which can be re-shot: A bolt shall not be deemed to have been shot if:

- The athlete can touch the bolt with his crossbow without moving his/her feet from their position in relation to the Shooting Line.
- The target butt blows over (in spite of being pegged down to the satisfaction of the IJ – Art. 316.2.1). The IJ/DOS shall take whatever measures they deem necessary and then allow the appropriate time limit for shots remaining.

324.4 A shot made without a bolt in the crossbow may be re-taken correctly but no extra time shall be allowed. An athlete repeating the error will be cautioned by a Judge.

An athlete repeating this offence may be barred from the day's

IAU COMPETITION RULES

FIELD CROSSBOW

Competition. (See Art. 335.2).

324.5 Bolts in a Wrong Target: See Art. 325.8.

324.6 Leaving the Shooting line: An athlete is not permitted to leave the Shooting Line (unless having completed the shooting of the end) without first advising a Judge in accordance with the Equipment Failure provisions (Art. 328), even if there has not been a legitimate equipment failure.

An athlete repeating the error will be cautioned by an FJII.

An athlete repeating this offence may be barred from the day's Competition. (See Art. 335.2).

324.6.1 Spare Bolts: athletes shall take spare bolts with them to the shooting line.

324.7 Rebounds and Hangers: See Art. 325.9.1 and Art. 325.9.4.

324.8 Safety: All shooting shall be controlled in accordance with the safety provisions (Art. 332) of these Rules.

Art. 325 SCORING

325.1 Frequency: At WCH, CCH, IC and CE sanctioned by the IAU, scoring shall take place after each end of three (3) sighting and competition shots. The DOS shall give the signal (Art. 321.3) to advance to the targets for scoring and retrieval of bolts.

325.1.1 Any bolt missing the target MUST immediately be declared by the competitor so that steps can be taken to locate and remove the bolt from the ground.

325.2 Order: The order in which scores shall be recorded on the score sheet is defined in Art. 313.2.c.

325.3 Touching the Target Face, Bolts and Butts: Neither the bolts, target face nor butt shall be touched until all the bolts within a scorer's allocation have been recorded.

325.4 Bolt Position in Target: A bolt shall be scored according to the position of the shaft on the target face where it lies.

325.5 Excess Bolts in Target: If more than three (3) bolts are found belonging to the same athlete in the same target face, butt (or stand) or on the ground in the shooting lanes, only the three (3) lowest in values shall be scored.

IAU COMPETITION RULES

FIELD CROSSBOW

- 325.5.1 When using the 3-spot 40 cm target face at 35m or 18m:
If an athlete shoots more than one bolt into a face, then only the HIGHEST bolt in that face shall score. The value of the smaller arrow is evaluated as zero.
A bolt outside the scoring rings of the own target counts as a miss (zero).
- 325.6.1 Center Tens: Bolts entirely within the Ten (10) zone and not touching the dividing line shall be entered on the score sheet and the entry circled to indicate a “Center 10”. Only such “Center 10s” shall be called “Center tens”.
- 325.6.2 Bolt lying on dividing line between scoring zone: Should the shaft of a bolt touch two (2) colors or touch any dividing line between scoring zones, that bolt shall score the higher value of the zones.
- 325.7 Missing lines on target face: Should a fragment of the target face be missing, including the dividing line or where two (2) colors meet, an imaginary line shall be used for judging the value of any bolt hitting such part.
Worn target faces shall be/will be replaced at the discretion of the Judges (Art. 312.2.a) or upon request.
- 325.8 Bolt on wrong target: A bolt hitting a target other than the Athletes’ own target shall not score, and be counted as a “miss”.
- 325.9 **Rebounds**
- 325.9.1 When a Rebound occurs, the athlete concerned shall complete the shooting of the end, remain on the Shooting line with his free hand held above his head or holding the signal flag (Art. 316.6.2) as a signal to a Judge, who shall then carry out the procedure outlined in Art. 325.9.2.
- 325.9.2 When all other athletes have completed shooting their three (3) bolts or the time limit has expired, the DOS shall interrupt the proceedings. A Judge, having satisfied himself that the claim was justified, shall allow the athlete concerned to shoot another bolt. Such a bolt shall be numbered or marked by the Judge in a way which will enable it to be identified in the target. At a signal from the Judge, the DOS shall give the signal for the competitors and Scorers to advance to the targets for scoring. The Judge shall Participate in the scoring and ensure that the correct number of

IAU COMPETITION RULES

FIELD CROSSBOW

bolts is scored, and that the Rebound was not caused by striking another bolt in the target.

- 325.9.4 **Hanging Bolt:** In the event of a bolt entering the target face and hanging from it, the athlete shall STOP SHOOTING immediately and Signal for a Judge as per Art. 325.9.1. When the shooting of that end has been completed by the other athletes, the Judge shall note the value of the bolt, remove it, mark the hole and place the bolt behind the target. The remaining bolts shall be shot by the athlete before the DOS orders general shooting to recommence. The Judge concerned shall participate in the scoring of that end.
- 325.9.6 **Pass-Through (in Butt):** In the event of a bolt which has entirely passed through the target face but which remains embedded in the butt, the scorer shall call for a Judge, who shall carefully push the bolt back through the butt in order that its scoring value may be judged. The Judge shall participate in the scoring and ensure that the bolt in question is correctly recorded on the athletes score sheet.
- 325.9.7 **Pass-Through (Behind Butt):** When a pass-through occurs, the athlete should adopt the Rebound Procedure (Art. 325.9.1), etc...
- 325.9.8 **Disputes:** In the event of a dispute over the scoring value of a bolt lying on a dividing line between zones, the scorer shall call for a Judge who shall decide upon the scoring value of the bolt in question. The decision of the Judge called shall be final and not subject to protest.
- 325.9.9 **Score Validation:** Where a judge is called upon to participate in the scoring of a bolt or an end, the appropriate entry/entries on an athletes' Score sheet shall be initialed by the judge involved (this entry must be made in red pen) and counter- initialed by the athlete concerned in the panel provided.
- 325.9.10 **Corrections:** A mistake on a score sheet, discovered before the bolts are drawn, may be corrected, but the correction must be witnessed and initialed (in red ink), by a judge and counter initialed by the athlete concerned, in the panel provided on the score sheet. Any other disputes concerning entries on a score sheet shall be referred to a Judge.
- 325.10 **Bolts Left in Target Area:** The DOS shall in consultation with the Judge ensure that, after scoring, no bolts are left in the

IAU COMPETITION RULES

FIELD CROSSBOW

targets before giving the signal to recommence shooting.

If bolts are inadvertently overlooked, the shooting shall not be interrupted. An athlete may shoot that end with other bolts, or make up the bolts lost, after shooting over that distance has been completed. A judge shall participate in the scoring after that end making sure that the bolts which remained in the target are checked back to the athletes' score sheet before any bolts are scored or withdrawn from the target.

- 325.11 Substitute Bolts: In the event of the athlete leaving bolts (e.g., on the ground in the target area), he may use others, provided he informs a Judge before shooting. The Judge shall exercise such checks as he deems fit in each circumstance.
- 325.12 Miss Due to Equipment Failure: An equipment failure during the shooting of an end: (i.e., a string or prod breakage), resulting in a miss, does not entitle the athlete to re-take a shot.
- 325.13 Trigger Failure: A shot due to the self-release of the trigger mechanism, shall score according to the point of impact of the bolt. The crossbow shall be IMMEDIATELY (with no further shot taken) REMOVED from the shooting line for repair. In the event of an equipment failure, the athlete shall adopt the procedure specified in Art. 328.1.
325. 14 Scoring Delegation: An athlete may delegate authority to score and collect his bolts to his NTM or another athlete on an adjacent target (within the official scorer's allocation), with the consent of the IJ.
- 325.15 Score sheets: Score sheets (provided by the OC) shall be signed by the scorer and the athlete denoting that the athlete agrees with the scoring value of each bolt.
- 325.15.1 In the absence of Independent Scorer, the athlete shall sign the score sheet denoting that he agrees with the distance and round totals.
- 325.16 Ties: In the event of a Tie in score, the results shall be determined as follows:
- 325.16.1 For Individuals: The athlete with the greatest number of scoring hits. If this is also a tie, then the athlete of those tying with the greatest number of Center ten hits entirely inside the 10 zone). If this is also a tie, then the athlete with the greatest number of hits scoring 10 points. If this is also a tie then the

IAU COMPETITION RULES

FIELD CROSSBOW

athletes shall be declared equal.

- 325.16.2 For Teams: The team having the athlete making the highest individual score. If this is also a tie, then the team having the athlete with the second highest individual score. If this is also a tie, then the teams tying shall be declared equal.

Art. 326 TARGET CROSSBOW LIMITS

Refer to Figure 6, Target Crossbow Limits

- 326.1 General: Any crossbow may be used which conforms to the following restrictions. All crossbows must be drawn by hand, without the aid of any mechanical device or finger protection whatsoever.

- 326.1.1 The crossbow must be equipped with a **MECHANICAL TRIGGER**. Such triggers must conform to Art. 326.3.2.

- 326.1.2 Crossbows must be fitted with a **SINGLE** bolt retainer (other than crossbows used with archery-style, clip-on nocks). The removal or malfunction of a bolt retainer will be deemed to render a crossbow **UNSAFE** and may result in the **IMMEDIATE DISQUALIFICATION** (Art. 335) if not repaired to the satisfaction of an IJ.

FRONT MOUNTED bolt retainers are not permitted. The design of the bolt retainer shall conform to Figure F8.

- 326.1.3 **Prod Assemblies:** Prod assemblies may be made from any safe materials. Prods may be either of one-piece (1) or two-piece (2) Construction. Metal prod (bow limbs) and/or any form of wrapping or strapping of the bow limbs is forbidden. The maximum length of the prod when strung must not exceed 900 mm (refer to Figure F6).

- 326.1.4 Prods must be clearly and permanently marked to show draw weight and draw length, i.e., maximum design draw weight.
The maximum permissible draw weight is 43 kilos (95 lbs.) irrespective of construction.

- 326.1.5 **The Bow String:** Bow strings and servings (where fitted) shall be made from non-metallic materials. Bow strings may be connected either directly to the limb tips (Art. 326.1.3), or by means of Axle-pins (fixed or pivoting, metallic or synthetic).

IAU COMPETITION RULES

String loop attachments made from solid materials (synthetic or metallic) are NOT PERMITTED (refer to Art. 326.1.5)

Art. 327 BOLT SPECIFICATIONS

Refer to Figure F12 Bolt Specifications

- 327.1 Construction: Target crossbow Bolts (arrows) may be made from any safe materials and of such design as not to cause unreasonable damage to target butts.
- 327.1.1 Conical Points: Conical (chisel) points having an included angle of greater than 60° are NOT PERMITTED.
- 327.1.2 Slip-over Points: Bolts fitted with slip-over points (point diameter larger than shaft diameter) are permitted provided they comply with Art. 327.1 (damage to butts). Such points shall be no more than 2 mm greater than the diameter of the shaft.
- 327.2 Bolt Parameters: The permitted minimum / maximum bolts lengths are:
- | | |
|-----------------------|----------------------------|
| Minimum | 304 mm (12 inches) |
| Maximum | 457 mm (18 inches) |
| Maximum bolt diameter | 7,7 mm (i.e., Easton 1916) |
- 327.3 Vanes: Bolts must be fitted with Vanes (fletching). There is no restriction as to size or number.
- 327.3.1 Uniformity: All bolts in a set must have identical vane sizes and colors.
- 327.4 Markings: All bolts shall bear the name, initials or insignia of the athlete to which they belong. Such markings must be on each vane or on the bolt.

Figure F12: Bolt Specification (Refer to Art. 327)

Art. 328 EQUIPMENT FAILURE, REPAIRS AND INTERFERENCE

- 328.1 Equipment Failure Procedure: in the event of a crossbow failure occurring during the shooting of an end, the athlete shall STOP SHOOTING IMMEDIATELY and step one (1) pace back from the Shooting Line holding the Flag provided (Art. 316.6.2) or his free hand above his head as a signal to the Judges.
- 328.1.1 Interference: in the event that a competitor is interfered with during the act of shooting, by a broken string or other part from another competitor, he may call a Judge, and invoke the Equipment Failure provisions of this Art. 328. The granting of another shot shall be at the sole discretion of an IJ.
- 328.2 Repairs: The IJ, having verified that the athlete was justified in leaving the Shooting Line, shall arrange with the DOS for the competitor concerned to effect repairs as follows:
- 328.2. 1 Minor Defect Procedure: In the case of a minor defect: The DOS will delay his signal to advance for scoring until the athlete in question has completed his end of three (3) bolts.
- 328.2.2 Serious Defects: In the case of a more serious equipment failure: the competitor will be allowed a maximum of twenty (20) minutes to complete repairs for the current day of competition.
- Timing of such a repair period shall be undertaken by a Judge. A

IAU COMPETITION RULES

FIELD CROSSBOW

defect crossbow can be repaired by the competitor or any accredited person authorized by the competitor. The repaired crossbow will be checked by an IJ for compliance with Art. 326 and the time taken for such inspection shall not be included in the allowed 20-minute repair period.

In case of a Prod breakage, three (3) additional sighter shots may be taken in accordance with Art. 323.1. The competitor will then be allowed to make up the ends not shot after the completion of the distance.

328.3 Bolt Defects: No extra time will be allowed in the case of a bolt defect, i.e., damaged nock, loose vane, etc. (Art. 324.2).

328.4 Protocol for Making-Up Legitimate Shots: In the event of competitors having to make up shots at the end of a distance or of an end, the DOS will announce the target numbers and the number of bolts to be shot at each target.

The bolts will be shot one at a time under the direction of the DOS at the rate of ONE (1) minute per bolt [FORTY (40) seconds for 18m round] (with the lights showing GREEN for 30 [10 in 18m round] seconds, and AMBER for 30 seconds).

Each athlete will be supervised by a Judge who will ensure that “his” athlete leaves the line when he has shot the number of bolts announced by the DOS. Thus, all athletes who have bolts to shoot will shoot together for the first bolt, those with TWO (2) to shoot will remain on the line for their second shot and soon. The sequence will continue in groups of three (3) or four (4) bolts until all such legitimate bolts have been shot.

Note: twenty (20) seconds to approach the line will only be allowed at the beginning of each sequence.

Art. 329

OPTICAL AIDS

329.1 Spotting Equipment: Field glasses, telescopes and other visual aids may be used for spotting bolts. Spotting telescopes may be set up on the Shooting Line. Where shooting takes place in two (2) Relays (Art. 321.1.2), the athletes must remove his spotting telescope and tripod to behind the Equipment Line when vacating the Shooting Line at the completion of an end of three shots (Art. 324.1). Spotting telescopes may be left on the

In the absence of a recognized National Team dress, competitors shall dress in plain white clothing.

The above-mentioned clothing shall be in accordance with Art. 330.2.

- 330.1.2 Inclement Weather: Weatherproof clothing made of a single layer of material may be worn during adverse conditions, only when this has been declared so by the DOS.

Such clothing shall comply with Art. 330.2.

- 330.1.3 Shooting Hats: Athletes is permitted to wear shooting hats which conform to IAU Field Division regulations.

- 330.1.4 Sound Dampening Apparatus: Athletes are permitted to wear ear plugs or hearing protectors (headphone type) provided that they do not prevent the wearer hearing acoustic signals (Art. 321.3) and that Art. 330.1.5 is complied with.

- 330.1.5 Personal Stereo Equipment: The use of personal stereo or radio equipment for music or self-coaching is NOT PERMITTED while on the shooting line, in Competition or official practice.

- 330.1.6 Personal timers: The use of mechanical or electronic personal timers by competitors or team officials is permitted (except smartphones), provided that NO audible alarm in signal is emitted.

Note: This clause does not relate to Judges.

- 330.1.7 Belts: Athletes are permitted to wear only one (1) belt, the width of which shall not exceed 30 mm If a belt quiver is worn, it must be attached to this belt.

- 330.1.8 Quivers: Belt or Pocket Quivers are allowed provided that Art. 330.1.7 is complied with.

- 330.2 Clothing: The use of special shooting jackets, padded clothing (single garment or combination of garments), tight clothing or accessories so designed to give support or improve performance, i.e., special shooting vests or undergarments is NOT PERMITTED (refer to Figure F12).

- 330.2.1 Gloves: The use of all gloves and special shooting gloves is NOT PERMITTED. All shooting must be done bare handed

(i.e., the tapes are not permitted).

- 330.3 Footwear: Normal shoes shall be worn at all times during the Competition. The use of special shooting boots and shoes (except pistol ISSF shoes) is NOT PERMITTED.

Footwear may not extend above the ankle bone.

If doubt, the sole flexibility of the shoes may be controlled by the specific ISSF tester device.

- 330.3.2 Rubber Boots: Soft rubber boots or over-shoes are permitted in adverse weather conditions. Such footwear may not give support or aid performance, i.e., restrict ankle movement.

- 330.4 Competitor Numbers: At WCH, CCH, IC and CE all competitors shall wear their Competitor numbers on the middle of their back, and such numbers are to be visible at all times while an athlete is competing (refer to Art. 319.4).

- 330.5 Insignia: Athletes are permitted to wear the name or official insignia, flag or emblem of the federation or club which they represent on the shooting clothing / jacket. There is no restriction as to the size or color of such insignia etc.

Garment Types:

A Vest (males) or undergarment (females)

B Tee-shirt with short sleeves

C Polo Shirt or shirt/blouse with short sleeves

- This combination of garments is the MAXIMUM PERMITTED while shooting (refer to diagrams).
- No more than one (1) item of a given type of garment may be worn while shooting.

IAU COMPETITION RULES

FIELD CROSSBOW

- All such clothing shall be loose fitting in compliance with Art. 330.1.1

330.6 Sponsors' Logos: An official Championships Emblem, or name, or name of venue or sponsor may be added to competitors' target back numbers and to officials' armbands, but must not distract from the numbers and letters.

330.7 Surgical Supports or Dressings: Competitors, who have sustained an injury requiring such treatment, must obtain permission to compete, or to continue to compete, from the IJC. The IJC may seek an opinion from a qualified medical practitioner. Permission will not be granted if the Competitor's ability to comply with Safety Rules (Art. 332) is impaired, or if the use of such surgical support or dressing could enhance performance in the Competition.

Competitors who must wear surgical support due to permanent disability, must provide a medical certificate to that effect and comply with the provisions of Art. 322 and this Art. 330.7.

Art. 331 HERALDRY

331.1 Flags and Gonfalons: At Competitions sanctioned by the IAU it is permitted to display the flags or gonfalons (pennants) of Competing federations and/or individual clubs. Such flags or gonfalons may be set up behind the Waiting Line adjacent to the NTM' allocated positions.

Art. 332 SAFETY AND COURTESY

332.1 An athlete MAY ONLY SPAN THE CROSSBOW WHEN ON THE SHOOTING LINE and after the signal to commence shooting an end has been given by the DOS or official in charge of shooting.

332.1.1 NO AIMING "Dry - Firing" exercises are permitted if personnel are in front of the Shooting Line (Art. 332.5.b, 320.4).

332.2 The act of placing (nocking) a bolt must only be performed with the crossbow directed at the ground (or floor) immediately in front of the shooting line in the direction of the athletes' allocated target butt.

IAU COMPETITION RULES

FIELD CROSSBOW

Placing a bolt in an elevated crossbow is NOT PERMITTED. Athlete who fails to observe this SAFETY RULE may be DISQUALIFIED.

- 332.2.1 The athlete concerned shall be cautioned by an IJ. An athlete repeating this offence shall be DISQUALIFIED from the Competition (Art. 335.2). If the spanned and loaded crossbow is lowered during the act of shooting an end the crossbow must not be turned aside from the direction of the athletes allocated target butt.
- 332.2.2 It is strongly recommended in the interests of PERSONAL SAFETY that the fingers of the hand which loads the bolt be kept straight and pointing away from the trigger latch, i.e., towards the front of the crossbow.
- 332.3 At the signal to stop shooting from the DOS, the crossbow must IMMEDIATELY BE LOWERED, the BOLT REMOVED and the STRING LOWERED (UNLATCHED).
- 332.4 If a defect occurs in the crossbow during the shooting of an end, the athlete must STOP SHOOTING IMMEDIATELY and signal to a Judge in accordance with Art. 328.1.
- 332.5 It is forbidden:
- TO USE THE CROSSBOW IN AN UNSAFE CONDITION.
 - To aim at people even though the crossbow is not spanned nor a bolt loaded.
 - To handle the crossbow carelessly on the Shooting Line.
 - To shoot vertically. The spanned and loaded crossbow shall not be raised to an elevation higher than the top of the wind flag of the competitor's designated target.
 - To span a crossbow with other Competitors, spectators or officials in front of the Shooting Line.
 - To leave the Shooting Line with a spanned or loaded crossbow.
 - To place a spanned and/or loaded crossbow on the ground or floor.
 - To allow unsupervised persons not acquainted with these Safety Rules to handle the crossbow.

IAU COMPETITION RULES

FIELD CROSSBOW

- 332.5.1 Mandatory for your personal safety:
- a. Long hair must be tied back or otherwise security retained
 - b. Necklaces must not hang loose (i.e., shall be kept inside the clothing)
 - c. Tie-cords on the clothing must not hang loose.
- 332.6 Courtesy: Target crossbow shooting is a demanding sport enquiring great concentration, therefore a competitor should:
- a. NOT talk in a loud voice when others are shooting.
 - b. NOT talk to another competitor who obviously prefers to remain silent.
 - c. NOT make any exclamation on the Shooting Line which may disconcert a fellow competitor in the act of taking a shot.
 - d. NOT walk up and down the Shooting or Waiting Line comparing scores.
 - e. NOT handle another competitor's equipment without permission
 - f. When calling scores do so commencing with the highest score first, i.e., 10, 9, 8.
- 332.7 At no time shall an athlete advanced the target for any reason while others are shooting nor until the signal to advance has been given by the DOS or official in charge of shooting.
- 332.8 The smoking (including electronical cigarette) is prohibited all the time of Competition in space of waiting line and shooting line for every person bar none.

Art. 333 ASSISTANCE AND COACHING

- 333.1 While on the Shooting Line (sighting or competition shots), a competitor may receive no coaching or assistance of any kind from any person, for the purpose of improving his performance or score, spotting the hits on the target face, or indicating any adjustments.

At the completion of an end of sighters or scoring shots, only verbal advice can be given to the athlete. No other person has the right to touch the athlete's crossbow, make adjustments, change

IAU COMPETITION RULES

FIELD CROSSBOW

or repair the crossbow between ends of shooting (use the Art. 328.2 procedure).

Should an athlete receive such coaching, he shall be cautioned by a Judge. An athlete repeating this offence may be barred from the day's Competition. (See Art. 335.2).

- 333.2 A Competitor may delegate the scoring of his shots to his NTM or a fellow Competitor on an adjacent target (Art. 325.14). A Judge shall be informed of such delegation.
- 333.3 All connected devices (watches, glasses,) are FORBIDDEN.

Art. 334 EQUIPMENT CONTROL

- 334.1 At WCH, CCH, IC or CE sanctioned by the IAU, on the day of official practice or before, all crossbows and each athlete's shooting equipment, accessories and clothing shall be checked for compliance with the provisions set out in these Competition rules, by the IJ/TC and its appointed representatives at an official equipment control session (which is to be held prior to official practice) in accordance with the announcement made in the official program of the event.
- 334.2 Crossbows and bolts shall be checked for compliance with (Art. 326 and Art. 327). Suitable measuring instruments and weighing scales (duly certified by an appropriate body) shall be made available by the OC. Due care shall be taken by the IJ/TC and its appointed representatives not to damage any equipment.
- A sample of prods may be weighed at scrutineering prior to shooting. IJ/TC may request that random prods be weighed after the completion of all Competition shooting and for place getters, at their sole discretion.
- 334.2. 1 Control Stickers: Crossbows having been approved as correct shall be marked with a suitable sticker bearing the name and date of the Competition. The approval must also be indicated on a Control Card, provided by the OC, in accordance with the format specified.
- 334.2.2 Spare Crossbows: Spare crossbows to be used in the case of equipment failure, Finals event etc., must also be submitted for approval during equipment control at the time appointed by the

IAU COMPETITION RULES

FIELD CROSSBOW

Organizers. Refer to Finals Rules Art. 350.

- 334.2.3 After equipment has been approved, it must not be altered at any time prior to or during the Competition in any way that would conflict with these Rules. If there are any doubts regarding an alteration, the equipment must be returned to Equipment Control for re-inspection and approval.
- 334.2.4 An athlete found to be using unapproved or altered equipment or having removed official Control Stickers will face IMMEDIATE DISQUALIFICATION (Refer to Art. 335).
Further inspection of equipment such as in the case of equipment failure shall take place as appropriate.
- 334.3.1 Crossbows, bolt and clothing of the leading five (5) competitors in each division will be re-checked for compliance with (Art. 326, Art. 327 and Art. 330) of these Competition Rules, by the TC and/or IJ BEFORE such equipment is removed from the equipment Line at the completion of each Competition round. The IJ may elect to inspect all competitors' equipment at the completion of a Competition round, at its discretion, provided that this is appropriately announced.
- 334.4. Approval of the equipment is valid only for the Competition which the inspection was made.

Art. 335 DISCIPLINARY ACTION

- 335.1 Competitors and Officials are to conform to the IAU Constitution and Rules as well as any decisions and directives made by the IJC.
- 335.2 An athlete shown to have unknowingly violated any Rule or Regulation shall be given a verbal warning by a Judge and informed that any further violation could be cause for disqualification. Warning shall be expressed by showing a YELLOW CARD with the word 'WARNING'. This warning must also be shown to the NTM of the competitor in question.
- 335.2.1 An athlete proved to have knowingly violated any Rule or Regulation and having been shown the Yellow (Warning Card) (Art. 335.2), shall be ruled, by the IJ, not to be eligible to participate and shall be disqualified from the Competition. Disqualification shall be expressed by showing a RED CARD

IAU COMPETITION RULES

FIELD CROSSBOW

with the word ‘DISQUALIFICATION’.

Note: The size of the cards should be approximately 70x100 mm.

- 335.3 The NTM may appeal against such a decision to the Jury of Appeal (Art. 336.2), immediately and in writing. The appeal shall be handed to an IJ for delivery. The decision of the Jury of Appeal is final.
- 335.4 All Yellow and Red card incidents shall be recorded on all of the offending Competitor's score sheets for the remainder of that Competition. The offences shall be noted on the athlete's record card and noted for the next WCH or CCH. The DOS shall also be notified.
- 335.5 National Team Managers (NTM): At all times during the days of Competition, the NTM, his Assistant, or his Representative shall be in attendance. If the NTM requires leaving the Competition, he must notify the IJ of this fact and who his representative is.
- The OC shall provide the IJ with a NTM list.

Art. 336 PROTESTS, APPEALS AND HIGHER APPEALS

- 336.1 Protests and Appeals: All questions or disagreements regarding the interpretation of Competition Rules or actions taken by championships officials must first be decided by the IJC in accordance with Art. 311 and Art. 337.
- 336.1.1 Appeals: The NTM or Federation Official may file an appeal against a decision of a Judge or Scorer to the IJC immediately and in writing. The IJC must immediately investigate the matter and make a decision on the appeal. No protests can be made about the scoring value of a bolt (Art. 325.9.8).
- 336.1.2 Higher Appeals: In the event of a disagreement with the IJC decision, the NTM or Federation Official may file a Higher Appeal in writing (Art. 336.3) to the Jury of Appeal.
- 336.2 Jury of Appeal: A Jury of Appeal shall be appointed by the EC for every IAU sanctioned event. The Jury of Appeal is responsible for making final decisions on all appeals against decisions by the IJC (Art. 311.2). The Jury of Appeal shall consist of three Members including a Chairman, being a senior member of the TC, an EC member knowledgeable in Field

IAU COMPETITION RULES

FIELD CROSSBOW

Division Rules and an IAU-knowledgeable person from the OC.

- 336.2.1 The Jury of Appeal must be available at the Competition field at all times during the championships including the day of official practice until 30minutes after the end of shooting.
- 336.3 Protest Fee: All higher appeals must be submitted in writing by the NTM or his representative not later than one hour after the IJC decision and be accompanied by a fee of 50€ or its equivalent. The fee shall be returned if the appeal is upheld and shall be retained by the OC (50% to IAU funds) if the appeal is lost. In special circumstances, the time for submitting appeals may be extended up to twenty-four (24) hours by decision of the Jury of Appeal. Such decision can postpone the victory ceremony for the event under appeal.
- 336.4 Decisions made by the Jury of Appeal must be documented and submitted to the appellant, the Chairman of the IJC and the Chairperson of the OC before the awarding of prizes. This terminates the path of appeal.

Art. 337 PRECEDENCE, INTERPRETATION AND AMENDMENTS

- 337.1 Amendments to these Rules can only be made in accordance with Article 13 of the IAU Constitution.
- 337.2 The general interpretation and maintenance of these rules shall be the responsibility of the Field Division TC.
- 337.2.1 For any special exceptions to the above rules the permission of the Executive Committee of the IAU must be obtained.
- 337.3 In cases of difficulties arising out of differences in the interpretation of these rules, the original English text shall prevail. Where there is a conflict between these rules and the IAU Constitution, the latter shall take precedence.
- 337.4 Gender: References to the male gender shall import the female gender and conversely, except where the context indicates that the flatter is gender-specific.
- 337.5 Expressions: The following expressions are defined:
- MUST** indicates a mandatory requirement which cannot be waived,

IAU COMPETITION RULES

370 Annexes

370.1 IAU Identification Number (IAU ID Number)

- 1) To participate in IAU supervised championships and competitions it is mandatory for all crossbow shooters to have an IAU Identification Number (IAU ID Number).
- 2) In order for an IAU ID Number to be issued, the crossbow shooter's IAU Member Federation must submit an application on the form that follows. The IAU guest, a citizen of a country that is not a member of the IAU, can independently apply for the IAU ID.
- 3) Each crossbow shooter must be a national of the country that they represent and must provide a copy of the passport with their application.
- 4) Each crossbow shooter may only apply for one (1) IAU ID Number.
- 5) A fee of Euro 10,00 is charged for the issue of each IAU ID Number. Express application (issue within one (1) week) increases the fee to Euro 20,00.
- 6) The IAU Member Federations must send all applications for IAU ID Numbers to the IAU. Only typed or e-mail application(s) will be accepted.
- 7) The IAU will send the IAU Member Federations a list with all new IAU ID Numbers within 14 days after the application(s) are submitted. The IAU Member Federations must check and approve this list and return it to the IAU. No response will be taken as approval.
- 8) If an crossbow shooter changes his/her name or nationality, the IAU must be notified without delay, so that necessary changes can be made by the IAU. The original IAU ID Number will not change, but the IAU must correct data associated with the IAU ID Number.
