Dear Presidents of the IAU National Federations!

On August 12-19, the 20th World Crossbow Championship in “Match” and “Field” divisions is to take place in Ulyanovsk (Russia). The World Championship in Ulyanovsk 2019 is going to assemble about 350 athletes from 35 countries all over the world, which may become a record-breaking event in the history of the IAU crossbow-shooting World Championships, concerning the number of participants.

The crossbow-shooting event in Ulyanovsk will be a real sports festival of strong international friendship. Uncompromising struggle, unforgettable impressions and a bright shooting show are waiting for all the spectators of the Championship.

During the 20th World Crossbow Championship there will be organized a video shooting of “The Diaries of the 20th Championship” – a daily TV program, broadcasting competition news: the most interesting events, struggle for the medals, interviews with the best crossbow shooters, star guests and the organizers, a solemn opening ceremony and the award ceremony of the winners, a crossbow-shooting master-class and many other things.

Therefore, I kindly ask you to consider the possibility of conducting negotiations with TV representatives and Internet media of your countries in order to make releases about your National Federations’ Teams participation in the WCH in Ulyanovsk. The organizers are ready to provide all the video material and publish it on the provided FTP – server. Thus, the 20th World Crossbow Championship may be broadcasted not only in the hosting country, but also all over the world!

Best regards,
The IAU President Pero Stojnić.
