# SUMMARY OF CHAMPIONSHIPS REVIEW AND ANALYSIS 2018 AND PRESENTATION 2019

Today at the 1<sup>st</sup> ODM we had 3 reports - presentations for 3 major crossbow competitions held in 2018. Two IAU World Cups held in Veliko Trgovišće (CRO) and Otrokovice (CZE), and European Championships held in Pärnu (EST).

We also had the presentation for the following IAU World Championships, Field and Match that will be held in Ulyanovsk (RUS) August 12-19, 2019.

Thanks to all the presenters for the effort and excellent presentations.

The year 2018 for IAU was semi-successful. On the one hand, we have held 3 big competitions in Field. On the other hand in Match discipline we did not have any IAU controlled competition.

Now, let's please formulate together the conclusions of the 3 held Field Competitions.

## PROBLEMS OR ISSUES

Very late registration of WC participants (all three)

Shooting range problems (location, capacity, old one)

Accommodation (none in the city, high summer season)

Future doping control is too expensive for less than 50 competitors

IAU Course for coaches – First level wasn't held

Rescheduled from original date

## LESSONS LEARNED

It is difficult to do two different competitions at the same time

Take the time to test it

Very early reservation of the venue and accommodation

Take time to send the invitations twice

The IAU should take care of the entries with the IAU ID number control

All preparations should be done in time
