

## **IAU ORGANIZERS DEVELOPMENT MEETING – IAU ODM**

The IAU Organizers Development Meeting (the abbreviation will be used below: IAU ODM) will be organized yearly to work together to make our sport's championships better for our athletes, more attractive for our public and a source of hope and inspiration for our youth.

We look forward to learning and sharing together with organizer's representatives and IAU Staff during one or two days each year!

The goal of this IAU ODM is to coordinate the work of the Organizing Committees, the IAU Technical Delegates and the IAU Headquarters, and to improve the standard of the IAU supervised competitions by giving Organizing Committees the resources, information and the support they need to conduct the best possible IAU World and Continental Championships.

The schedule, all presentations of this IAU ODMs and other general documents will be finding on IAU Web site - Organizers.

The 1<sup>st</sup> IAU ODM for Championship Organizers will be place in Moscow on middle of November 2018 together with IAU World Cup Final. The 1st IAU ODM will be organized for delegates from all IAU Championships in the current year (2018) and the next year (2019) and, optionally, in the year after next (2019).

Course Leader Mr Pero Stojnić.

### **2018 IMPROVEMENT PRIORITIES**

  - Protocol
  - Professional technicians and result service
  - TV productions
  - Miscellaneous
    - Supplies
    - Copy machine & printers
    - Cleaning & trash
    - Other – Contingency Expense

- **The IAU Communication program**

- Media are capable of presenting our sport to a huge audience.
- The more people read, see and hear about shooting, the more our events will be on their mind and the more likely they are to provide the support which the federation needs.
- IAU must be able to provide information and images that the media representatives can (and will) use.
- IAU must be able to talk directly with our fans, serving them with valuable, entertaining, timely-published contents across social media.

- **Organising Committee that is ready on arrival day**

- **Paperless Championships**
