Dear Viktor,

Training Seminar Program is one of the following items on my list.

The date of March can not be made by me because I was busy with the new finals and prepare you for the test with the organizer of the Austria-Open and other activities.

TC-Match teachers are Christian Hunzinger, Gerold Pfister, Josef Beckmann, Jaroslav Liptak and Harald Lugmayr.

So far, however, there is the opportunity to gather teachers at the Austria-Open Experience as a judge on an international level under the supervision of the TC-Match.

In recent years, Daniel Heidegger (AUT) has been successfully trained. He proved at the last Austria-Open that he can independently take over the management of an international competition.

Such training would be possible for 1-2 people again. However, the costs are borne by the participants themselves.

With kind regards

Harald Lugmayr
